Dear Sir

RE: PETROLEUM PRODUCTS RETAIL PUMP PRICES ADJUSTMENT

Subject matter captioned above refers.

The Regulator announces the retail pump price adjustments for petrol grades, diesel and illuminating paraffin as follows:

- a) retail pump price of unleaded petrol 95 will be increased by 131 thebe per litre;
- b) retail pump price of diesel 50ppm will be increased by 142 thebe per litre; and
- c) retail pump price of paraffin will be increased by 208 thebe per litre.

The above changes take effect from 00:01hrs Monday 15th September 2025.

The adjustments reflect a combination of critical factors impacting cost recovery. Over the past three months, we have experienced under-recovery across all fuel products. The under-recovery position was driven by the devaluation of the Pula, which exerted upward pressure on import costs, increase in storage and handling costs implemented in July 2025, together with increment of both international and domestic railage costs.

For further information please contact Ms. Towelane Mooketsi-Nkhwa (Personal Assistant - Petroleum) at 5317530 email: towelani.nkhwa@bera.co.bw.

Yours Faithfully
